WE TAKE CARE OF EVERYTHING

> Bespoke experiences

At Hola Spanish Immersion, we know that no two schools are alike — and neither are their goals, students, or expectations. That's why we don't offer one-size-fits-all programs.

We design fully tailor-made, bespoke itineraries created specifically around your group's needs, interests, and learning objectives.

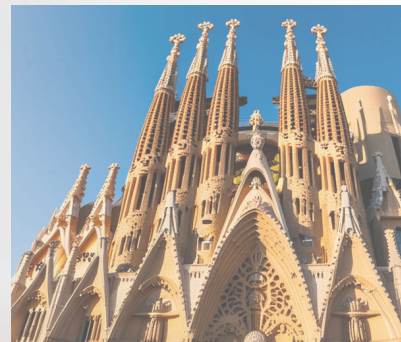

Every experience is carefully crafted to ensure it's personal, meaningful, and truly unforgettable — because when every group is different, their journey should be too!

WE TAKE YOU ANYWHERE

At Hola Spanish Immersion, we can take you anywhere in Spain — you simply tell us where you'd like to go!

From vibrant cities to charming coastal towns and hidden cultural gems, we make the most of each destination, adapting to the unique character, traditions, and opportunities each area offers.

WHAT CAN WE DO FOR YOU

At Hola Spanish Immersion, we understand how demanding a teacher's schedule already is — which is why we take care of every single detail of your school trip from start to finish. From itinerary planning and accommodation to activities, logistics, and on-the-ground coordination, we organize everything so you don't have to. Our goal is simple: to lift the workload off your shoulders and allow you to focus on your students while we create a seamless, enriching, and stress-free Spanish immersion experience

Why HOLA SPANISH IMMERSION?

We do more than organize school trips — we create meaningful, carefully supported experiences that allow teachers to focus on what they do best: guiding and inspiring their students. Our role is to take the pressure off, handle the details, and ensure every moment in Spain is purposeful, safe, and enriching.

Individual Attention

Every group is different, and so is every student. We take the time to understand your school's goals and provide personalized support throughout the trip. From planning to execution, we adapt to your needs to ensure a smooth, well-organized, and truly customized experience.

Real, Authentic Programs

We connect students with the real Spain. When possible, we visit local businesses, collaborate with local schools, and engage with the community to provide genuine cultural and linguistic immersion — turning language learning into a lived experience.

Student-Centered Trips

Our programs are designed with students at the heart of everything we do. We make sure they are safe, happy, engaged, and constantly learning. Every activity is carefully selected to maximize their time in Spain, helping them grow in confidence while making unforgettable memories.

24/7 Program Director Support

A dedicated Program Director accompanies your group to support teachers with anything that may arise. Whether it's logistics, coordination, or unexpected situations, we are always there — allowing teachers to focus fully on their students without added stress.

ACCOMMODATION

Choosing the right accommodation is an important part of any successful school trip — and we make sure it's one less thing for you to worry about. Whether you're looking for the full cultural experience of staying with carefully selected host families, or prefer the comfort and convenience of a hotel or hostel setting, we offer options to suit your group's needs. All of our accommodation partners are centrally located, safe, and thoroughly vetted. We follow strict safeguarding and child protection protocols, ensuring students are well cared for at all times
